

Patient assistance program

Assisting you in providing support for eligible patients after BRUKINSA® (zanubrutinib) or TEVIMBRA® (tislelizumab-jsgr) has been prescribed

The myBeOne Support program provides services through personalized assistance from an Oncology Nurse Advocate, including:

Simplifying access

Educating patients and caregivers about their treatment and disease

Connecting patients to independent organizations* that offer day-to-day living support

*Independent third-party organizations have their own rules for eligibility. BeOne Medicines has no involvement in their decision-making or eligibility criteria. This information is non-exhaustive and not meant as an endorsement from BeOne Medicines.

1-on-1 live support provided by an Oncology Nurse Advocate

The myBeOne Support Oncology Nurse Advocates have extensive experience in providing support to patients with cancer, and can assist them and their caregivers throughout their treatment with BRUKINSA® (zanubrutinib) or TEVIMBRA® (tislelizumab-jsgr).

We work to provide solutions and connect your patients to the right resources.

Our dedicated Oncology Nurse Advocates are highly rated by practices, patients, and caregivers, with very positive feedback reported from interactions.

98% reported their Oncology Nurse Advocate was able to completely resolve their issue or question.*

97% felt their Oncology Nurse Advocate was knowledgeable, understanding of the question or issue they had, and able to clearly communicate and provide information or resources.*

98% of practices, patients, and caregivers were very or completely satisfied with the myBeOne Support program.*

*Based on a 2024 satisfaction survey of practices and patients or caregivers (n=150) who called the myBeOne Support program.

myBeOneSupport™

Simplifying patient access to treatment

Navigating insurance and patient support options can be confusing for patients and caregivers. Personalized assistance from a myBeOne Support Oncology Nurse Advocate can help with:

Insurance verification

Get help from the start with assessing coverage, including prior authorization and appeals process information.

Bridge supply (BRUKINSA only)

A 30-day supply of BRUKINSA may be provided for any coverage delays of 5 days or more.[†]

Co-pay support

- **Eligible patients with commercial insurance** may pay \$0 per prescription for BRUKINSA or TEVIMBRA^{†§}
- **Eligible patients with government insurance** will be provided with information on independent charitable 501(c)(3) organizations that may be able to help with co-pay needs^{||}

Free product assistance

Eligible uninsured (those with no insurance or no coverage due to payer denial) or underinsured (those whose out-of-pocket costs are unaffordable) patients may be able to get BRUKINSA or TEVIMBRA at no cost.[†]

[†]Terms and conditions apply.

[‡]Up to \$25,000 per calendar year.

[§]The program will also reimburse up to \$100.00 per infusion administration fee for TEVIMBRA for patients who are eligible for commercial co-pay assistance.

^{||}Independent third-party organizations have their own rules for eligibility. BeOne Medicines has no involvement in their decision-making or eligibility criteria. This information is non-exhaustive and not meant as an endorsement from BeOne Medicines.

Providing information to help support your patients' day-to-day living needs

When your patients or their caregivers require assistance with day-to-day needs, their myBeOne Support Oncology Nurse Advocate can provide information about available resources and connect them to independent organizations* that may be able to help, including:

- Counseling services
- Support group information
- Transportation and lodging assistance

1-on-1 support for your patients during their treatment

The myBeOne Support Oncology Nurse Advocates have extensive experience working with and supporting patients with cancer. They are available to offer:

- Disease information and treatment resources
- Follow-up support for patients and caregivers upon request

*Independent third-party organizations have their own rules for eligibility. BeOne Medicines has no involvement in their decision-making or eligibility criteria. This information is non-exhaustive and not meant as an endorsement from BeOne Medicines.

How myBeOne Support assists prescribing practices

We're here to help and to answer any questions you have.

- **What services and assistance do my patients need?**

It's hard to predict what assistance your patients may require. However, once you enroll them in myBeOne Support, we can offer personalized support that matches their unique needs.

- **When enrolling patients, what if I don't have all of the information requested?**

Complete as much of the enrollment form as you can. We can help answer any questions you may have.

When a substantial number of patients at a New York-based practice were denied insurance coverage, myBeOne Support was able to provide assistance. After investigating, the practice's dedicated Oncology Nurse Advocate discovered that the prior authorizations were either incomplete or lacking necessary clinical information.

The Oncology Nurse Advocate was able to get coverage for the denied patients and helped educate the practice and their in-office dispensary.

“myBeOne Support is the best PAP out there, and I wish all programs worked like yours.”
– Patient Service Lead at a New York-based hospital

PAP=patient assistance program.
